

[tectiva] TE85

# Create in Graphite

**EQUITONE [tectiva] TE85 Graphite.**  
The new hue in the EQUITONE [tectiva] range.

EQUITONE [tectiva] is a through-coloured facade material, characterised by a sanded surface and naturally occurring hues within the material.

Every [tectiva] panel is unique, strongly expressing the raw texture of the core fibre cement material.

#### Advantages

- Fire safe (no fire ignition, no spread of fire)
- Sound insulating
- Resistant to extreme temperatures and frost
- Water resistant (if in compliance with application guideline)
- Resistant to many living organisms (fungi, bacteria, insects, vermin, etc.)
- Environmentally friendly, no harmful emissions
- Strong, rigid panels
- This new shade has the same colour stability as the rest of the [tectiva] range
